Certificate III in Cabinet Making and Timber Technology

National Course Code: MSF30322

CRICOS Code: 116354K

Delivery Mode: Face to Face

Campuses: 147 Islington St, Collingwood, VIC 3066
103-105 Evans St, Brunswick, Vic

NATIONALLY RECOGNISED TRAINING

Qualification Description

Workers with this qualification have tradesperson-level skills in the manufacture and/or installation of products, including furniture and cabinetry, made from timber and other materials.

They have core skills in tool use, measuring, drawing (including computer-aided design), interpreting work documentation, preparing cutting lists, communication, teamwork, and safe and environmentally sustainable work practices. They may have specialised skills in wood machining, cabinet and furniture making, kitchen and bathroom construction and installation, marine cabinetry, coopering or drafting.

Work is in a defined range of skilled operations, usually within a range of broader activities involving established routines, methods and procedures, where some discretion and judgement is required in the selection of equipment, services or contingency measures. Individuals collaborate with others to achieve quality outcomes and take responsibility for their own work. They may have some limited responsibility for the work of others.

Kitchen and bathroom installers must be licensed in some states, and induction training is required for those working on construction sites.

Entry Requirements

- Must be at least 18 years of age at the time of course commencement.
- Completed Year 11 (Australian) or equivalent.
- Overseas students must meet Student Visa requirements and provide evidence of English language proficiency with a minimum IELTS score of 6.0 or equivalent, or complete a minimum of 6 weeks of upper-intermediate level ELICOS at an approved ELT centre.
- Prospective students seeking enrolment at Polytechnic Victoria must successfully complete an LLN assessment at the required ACSF level for their desired qualification. This assessment provides Polytechnic Victoria with insight into the student's capabilities and helps identify support needs or determine whether they possess sufficient LLN skills to pursue the qualification.

Physical Requirements

Students undertaking this course must have the physical capability to skillfully use their hands, lift and carry heavy materials, demonstrate good coordination, have clear vision , and be able to work in various positions and spaces.

Safety Requirement

Every student is required to wear Personal Protective Equipment (PPE), including safety boots and protective clothing, at every practical training and assessment session.

Course Duration

This course is scheduled to be delivered over 64 weeks (including 8 weeks of holidays) of full-time study, with 20 hours per week of face-to-face instruction. To successfully complete this course, students must gain competency in 25 units (8 core and 17 electives).

Course Structure

Unit Code	Unit Name	Core / Elective
CPCWHS1001	Prepare to work safely in the construction industry	Elective
MSMENV272	Participate in environmentally sustainable work practices	Core
MSFGN2001	Make measurements and calculations	Core
MSFGN3005	Read and interpret work documents	Core
MSMSUP102	Communicate in the workplace	Core
MSMSUP106	Work in a team	Core
MSFFM2013	Use furniture making hand and power tools	Core
MSFFF2009	Use furniture finishing sector hand and power tools	Elective
MSFFM3040	Produce and maintain cutting tools	Elective
MSFFM2018	Operate basic static machines safely	Elective
MSFFM3038	Set up, operate and maintain automated edge banding machines	Elective
MSFFM3030	Produce manual and computer-aided production drawings	Core
MSFFM3031	Prepare cutting lists from design and production documentation	Core
MSFFM3029	Select timbers for furniture production	Elective
MSFKB3012	Plan kitchen and bathroom projects	Elective
MSFGN3006	Estimate and cost job	Elective
MSFFM2017	Hand make timber joints	Elective
MSFFM2016	Join solid timber	Elective
MSFFM2019	Assemble furnishing products	Elective
MSFFM2014	Select and apply hardware	Elective
MSFFM2015	Apply sheet laminates by hand	Elective
MSFFM3042	Fabricate cabinetry	Elective
MSFFF2012	Prepare surfaces for finishing	Elective
MSFFM3041	Determine and document requirements for cabinetry installation	Elective
MSFFM3043	Install cabinetry	Elective

Fees

Enrolment Fee (Non-Refundable): **AUD $500.00** per student

Tuition Fee for Certificate III in Cabinet Making and Timber Technology: **AUD $14,500.00**

Material Fee for Certificate III in Cabinet Making and Timber Technology: **AUD $1,500.00**

Detailed course and itemised fee information are available on www.pv.edu.au. A payment plan option is available to students. All fees are subject to change at any time.

Recognition of Prior Learning and Credit Transfer

Learners with prior learning and work experience can apply for Recognition of Prior Learning (RPL). Those who have completed corresponding units of competency and/or units within the packaging rules can apply for Credit Transfer.

Assessment Methods

Assessment is structured throughout the course. If learners are unable to achieve competency, additional support is provided through mentoring and access to re-assessment as outlined in the Polytechnic Victoria policies and procedures.

Assessment is carried out using a range of methods, including:

- Projects
- Oral & Written Questioning
- Demonstration/Observation of skills
- Case Study
- Third Party Report

Important Note – Information, Policies and Procedures, Fees and Charges

Students have access to all of our policies and procedures available on our website **www.pv.edu.au**. It is advised that students read these documents prior to enrolment, in addition to the information contained in this brochure.

Please read this information in combination with the Pre-Enrolment Information Brochure.
